Re: *In re Suboxone (Buprenorphine Hydrochloride & Naloxone) Antitrust Litigation*,  
*No. 2:13-MD-2445-MSG*

Dear Judge Goldberg,

I am writing in my capacity as co-CEO/CFO for North Carolina Mutual Wholesale Drug Co. ("Mutual Drug"), a pharmaceutical wholesaler based in Durham, North Carolina, in support of the pending motions seeking final approval of the proposed settlement and an attorneys' fee award for Class Counsel in the above-captioned litigation.

Mutual Drug is a class member in the above-described case, and I understand that it will have a claim to recovery out of the Settlement Fund in this case. Mutual Drug is satisfied that the proposed \$385 million settlement is fair and adequate. Class Counsel's proposed attorneys' fee award of \$120,645,687.56 (or an award equating to a lodestar multiplier of 1.50) is acceptable, and, therefore, I support it.

Very truly yours,
